Photos – Russ has started and will continue to take updated pictures around town for us to use on the web site. If there are any specific photos we would like, please inform him.

Gary was given the sizes for our Commission's shirts. It was decided that the town crest would go on the right hand side of the shirt and "Economic Development Commission" will be embroidered on the left.

Website – Gloria is tasked with contacting Kim for a meeting to go over all the website ideas that were discussed by the group. Clara has offered to attend on behalf of the EDC.

Surveys – it was decided that we should conduct the surveys of existing businesses in teams of two and the town will be divided for each team to visit. We will get an updated list of businesses from Dawn's list and from Gloria. It was mentioned that we encourage business owners to register at town hall, with being listed on the web site and a major benefit of doing so.

Discussion on commercial code was tabled until the next meeting.

Ben asks if there are any more concerns, the meeting is adjourned at 8:35pm.
